WHO WE WORK WITH

Established educational organizations and enterprises, in three categories, who seek a streamlined solution and reliable partner to expand their offering, increase capacity or reach.

Impact — Tech Training Nonprofits, VAS for Telcos, On-boarding Pipeline for Bootcamps, Awareness Initiative for Provinces, Youth-focused Agencies

Profits — Coding Tutor Companies, STEM Franchises, After-school Learning Networks, Online Cohort Learning

Schools — Districts, Provincial Edu Authorities, Private School Networks, Edu Publishers, Edu Sales Companies, In-school Training

WHAT WE DO

Provide ubiquitous, easy-to-use and implement text-based coding tools to help you scale - With any device, in any environment.

Impact — A mobile-friendly learner and trainer eco-system that can auto-generate Tribes*, profiles, regions, competitions* & certificates.

Profits — Building entry-level self-learning, while allowing your custom content and facilitators to drive accelerated learning.

Schools — Fun and simple teacher tools, used as once-off lessons or immersive courses, with optional drilldown reports from learner up to district.

OUR USP

Versatility. Nobody loves a rigid platform, especially in education
- The power to add, share and build custom content or brands
within the system reflects this.

Impact
Enable our collaborative suite, to allow peer-to-peer learning, volunteering and mentoring right out of the box.

Profits
Full or partial whitelabel enhances your brand's experience and drives partnership opportunities.

Schools
The *real-time class code viewer** allows you, the teacher to know exactly what team or learner to focus on at each part of the lesson.

Features marked with star are in prototype testing phase.

WHY WORK WITH US

Backed by leaders in field and a 18 key partnerships* globally, we are passionate to see you succeed in your ambitious learning goals.

Impact — First conceptualized in the challenging educational environment in Southern Africa, our brand has grown through helping you think big.

Profits — If on-boarding, mentoring at scale or reaching new markets is holding you back, give us a call.

Schools — Affordability is often a deal-breaker in large-scale rollouts, the larger your scope the more attractive our offering.
